

RIEAS

Return on Investment

Hiring and training new employees is a costly business expense. Have you ever had an employee who is fully trained and performed well in the past, but is struggling for some reason? RIEAS will pay for itself through employee retention by assisting employees and helping them return to their prior level of productivity.

The professional staff at RIEAS is skilled in addressing the stressors that employees face in today's workplace environment. Both management and union staff will benefit from our expertise in employee relations issues.

Our case management services are unique in that we stay with your employee throughout the entire process. The follow-up and support services we provide will help your employees to stay on track.
